

# AN OCEAN OF STORIES!

**What?**

A fantastic childrens writing project is just being launched for primary school students in County Clare, who are participating with their class in the Marine Institute's Explorers Education Programme with the Loophead Summer Hedge School. Participating primary school children are invited to write a short personal OCEAN themed story (up to 500 words approx.), which may be selected for a **published Anthology** of short stories to be launched during World Ocean Day 2021 (8th June 2021).

**Where?**

Open to all children participating in 'An Ocean of Stories' Explorers Module in Clare

**Why?**

We want to encourage you to write about the ocean, to express your imagination and creativity, to use an ocean vocabulary and to have lots of fun!

A selection of stories will be chosen by a selection committee for publication in the Anthology

**When?**

Closing date for receipt of entries is 5pm on Thursday 4th March 2021.

**How?**

You should type your story, it must be your own original work, and be up to 500 words approx. Entries to be submitted by e-mail by class teacher. Please see Teachers Information leaflet for details.
